ART WALK SCULPTURE TRAIL

Experience White Lake through ART!

In October 2005, enthusiastic members of the Arts Council of White Lake – Nuveen Center were inspired to install public sculptures along the Hart-Montague Bike Trail. These visionaries saw the value in situating artworks in nature along the trail to create a unique White Lake experience for both residents and tourists.

Funding for the Art Walk sculptures have been made possible through the generosity of numerous White Lake community members, the cities of Whitehall and Montague, civic and corporate sponsors, and grants. The sponsors are listed at each sculpture site. We hope you enjoy the trail!

10. Iron Butterfly
Josh Wambaugh

4. Sailboat/Trees
George Ramsay
